Rs for grants on account of buildings, 1897-98

Estimated cost	Amount of grant asked for	Amount recommended for sanction	Remarks
1500 Rs	500 Rs	500 Rs	Mr Holdsworth states that the school has been carried on since 1887 in a rented house which met its requirements most imperfectly being small and unsanitary and that a large and well-built school was opened in a very healthy situation last September. One-third of the estimated cost is applied for
308 Rs	?	100	The estimate provides for Kaleha work at a cost of Rs 308 —
4761 Rs	2000 Rs	1700	Last year one-third of the then estimated cost (Rs 2000) or Rs 666 was sanctioned. Now it is intended to complete the construction at a total cost of Rs 4761 as per estimate and plan now sent. It is stated that Rs 2000 only could be collected as subscriptions from Rajpur Merchants and Pelt dealers. The work has been half-completed. The Dy Inspr of Schools recommends the grant of Rs 2000 asked for by the committee chiefly on the ground that the school is maintained by private enterprise & that female education is backward in the Province. The building will be a substantial one like that of the best village schools. It is strongly recommended that under the circumstances an additional grant of Rs 1700 may be sanctioned as a special case. If the additional sum of Rs 1700 is sanctioned, the total Govt grant will amount to half the cost of the building
70		35 Rs	Mr Thompson says that a mud and thatch house has been erected and teaching will commence on 1st proximo. The estimated cost of Rs 70 is for the building and furniture required for the establishment of the school
250	200	200 Rs	Rs 200 sanctioned in the year 1895-96 lapsed as it was not utilized in time. Now the building is reported to have been completed
Rs 515-10-2	?	170 Rs	The application is for a grant in aid of the Science room erected for the school at a total cost of Rs 515-10-2
	Total	Rs 2,705
